

QUALITY POLICY

The company's scope of activity and main goal is the **design, production, installation, and sale of thermal insulation** at a high, specialized level.

In our daily activities, we strive to:

- understand and meet the expectations and requirements of our customers,
- continuously improve customer communication,
- engage all employees in achieving our goals,
- ensure adequate resources are available to achieve our goals,
- detect and analyze emerging problems, take corrective action, and continuously improve the effectiveness and efficiency of the quality management system and processes,
- meet all requirements for our products, including compliance with applicable legal requirements and other requirements relevant to achieving our goals,
- meet the requirements and provide the necessary conditions and resources for the operation and improvement of the quality management system, compliant with the PN-EN ISO 9001:2015-10 standard.

The Quality Policy is implemented by every employee.
